Specialty

Totenno Ramen

The leek which is much in pork bone plain hot water soup.

A satisfaction seems to bite into the group of the barbecued pork by which richness cries with the taste which became clear readily of which I can't think as pork bone and eat, and rises fairly. The barbecued pork isn't too rich in fat and it's also the point which is eaten well without having heartburn, to build into good condition♪.

Healthier Tomato shochu highball

Too much ! Tomato effects and effects

Studies have shown that taking tomatoes and alcohol at the same time reduces blood alcohol levels and the amount that they collect in the body by about 30% on average, and alcohol disappears from the body 50 minutes earlier.

Furthermore, lycopene, a red pigment component contained in tomato, is more than twice as potent as beta-carotene and more than 100 times as potent as vitamin E.

●Blood glucose lowering effect
●Prevention and improvement of arteriosclerosis
●Prevention of cancer ●Improvement of asthma
●Whitening effect ●Prevention such as skin wrinkles and slack ●Diet effect etc. are expected.

For fat burning & fatigue recovery!
